REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Referred—REPORT AND RECOMMENDATIONS OF CHICAGO HOME RULE COMMISSION.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the report and recommendations of the Chicago Home Rule Commission, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

December 18, 1972.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—I transmit for your review and consideration the Report of the Chicago Home Rule Commission presented to the Mayor pursuant to Chapter 21, Section 21-54 of the Municipal Code of Chicago.

This extensive study of the operation of City government in the light of the newly adopted Constitution of Illinois contains possible courses of action on topics which will clearly demand our best efforts.

This Report provides a tool of immeasurable importance for those charged with the responsibility of shaping local government in a fashion which is relevant to the needs of the community. The Report clearly documents the broad and expansive power which the new Constitution gives to home rule units, while cautioning that its utilization should be both enlightened and deliberate. Judicial review of legislative action will ultimately determine the depth and breadth of home rule powers.

Implementation of these recommendations should be made with that consideration as a frame of reference.

The Report is testimony to the extensive energy, dedication and imagination which the members and staff of the Home Rule Commission brought to this assignment. State and local officials, the courts and students of the Illinois Constitution everywhere are indebted to the Commission for this outstanding presentation.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—ADVISORY COMMITTEE AND CERTAIN CITY OFFICERS DESIGNATED TO CONSTRUCT SUITABLE MEMORIAL TO MEMBERS OF ARMED SERVICES.

Honorable Richard J. Daley, Mayor, submitted the following proposed resolution, which was *Referred to the Committee on Cultural and Economic Development:*

Whereas, The "War Memorial Committee" was created by order of the City Council passed February 24, 1926, for the purpose of administering a trust fund for the maintenance and decoration of graves of the soldiers and sailors who lost their lives in World War I; and

Whereas, The City Council by resolution passed November 15, 1948, designated a successor "War Memorial Committee" to hold and administer all funds on deposit in the name of said Committee; and

Whereas, The said War Memorial Committee has for many years been inactive despite the fact that there has existed certain funds on deposit with the Continental Illinois National Bank amounting to $20,000.00 which were originally collected by voluntary subscription; and

Whereas, These funds should be utilized to provide a suitable public display of this City's recognition of service and gratitude for sacrifice to the thousands of Chicago men and women who have served their country and fellow man in the Armed Forces of our nation both in time of conflict and tranquility; now, therefore,

Be It Resolved, That the purposes for which the original War Memorial Committee was founded in 1926 be expanded to honor all those men and women of the Armed Services of the United States who gave their lives for our country; and

Be It Further Resolved, That the Mayor, City Architect and City Comptroller are hereby designated as successors to the rights and powers of the War Memorial Committee created by order of the City Council February 24, 1926, and amended November 15, 1948; and

Be It Further Resolved, That the City Architect, together with an Advisory Committee appointed by the Mayor, design and cause to be constructed a suitable memorial or symbol of recognition from a grateful City to all Chicagoans who have while serving in the Armed Forces of the United States given their lives for our Country.

CITY OF CHICAGO
DEPARTMENT OF LAW

December 13, 1972.

To the Honorable, The City Council of the City of Chicago:

Re: *M. L. Smallwood,* Appellee
vs. *The Industrial Commission of Illinois, et al.* (The City of Chicago, Appellant)
Supreme Court of Illinois No. 44562

LADIES AND GENTLEMEN—On November 30, 1972 the Supreme Court of Illinois filed an Opinion affirming the Judgment of the Circuit Court of Cook County and holding that M. L. Smallwood, a City employee, sustained injuries which caused his complete disability. The Judgment of the Circuit Court restored the arbitrator's award of $17,500, plus an annual pension of $2,100 to the plaintiff.

The Supreme Court held in substance that when an employee suffers a heart attack while at work, he is entitled to compensation under the Workmen's Compensation Act if a casual relationship exists between the attack and his employment. The employee need not, however, prove that his employment was the sole causative factor nor even that it was the principal causative factor, but only that it was a causative factor in the resulting injury. The Court further held that the plaintiff's experts here did prove that the injury was a causative factor of his disability.

A copy of the Supreme Court's Opinion is enclosed.

Very truly yours,
(Signed) RICHARD L. CURRY,
Corporation Counsel.

Alderman Keane also noted that the late President had loved Chicago because it was first in recognizing his ability and greatness. He also noted that Mr. Truman had lived to see the realization of his dream in the establishment of the Truman Memorial Library.

Alderman Sperling also added his praise, stating that he believed that one of his greatest decisions was in recognizing the infant country of Israel and concluded by saying "Peace be unto you, good servant".

Daley, Mayor, then addressed the Council stating that he too wished to pay tribute to the late President Harry S Truman stating that he possessed many sterling qualities not the least of which was his loyalty. He had been loyal to his God, to his country, family and friends. The Mayor also stated that the former President had been a very misunderstood man, one who had never acted out of expediency. The Mayor extended his sympathy to Mrs. Truman and Mrs. Daniel, the former President's daughter and concluded by saying that all of Chicago, all of America, and all the world had lost a great man.

WHEREAS, A judgment tax levy in 1973 not to exceed $8,000,000 would achieve this desired condition of satisfying all prior outstanding judgments, and subsequent annual levies not to exceed $4,500,000 as currently provided by statute is anticipated to continue this condition; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

Said written agreement shall also provide for the Village of Thornton to agree to the following:

(a) to operate, maintain and operate reservoirs of sufficient capacity to insure that water will be drawn from the mains of the Village at a substantial uniform rate of flow.

(b) to safeguard the water received by ensuring that a proper chlorine residual is carried throughout the water supply system and by compliance with the City's and the Village's regulations applicable to cross connections and dual water supplies.

(c) to allow duly authorized engineers and inspectors of the City and Village, in collaboration with representatives of the Village of Thornton, to make piping inspections and tests of the quality of water in any facility supplied with water thereunder.

(d) to prevent excessive use and waste of water.

(e) to submit plans and specifications for proposed waterworks improvements to the City and the Village for approval.

(f) not to resell or to permit any water so furnished to be used to supply any other municipality or any consumer located outside the boundaries of The Metropolitan Sanitary District of Greater Chicago except if and when it should be specifically authorized so to do by the City Council of the City and the Village.

Rates and Discounts

(4) The Village shall pay to the City all charges for water furnished hereunder to supply consumers within the corporate limits of the Village and consumers in that part of the Village of Thornton that is within the boundaries of The Metropolitan Sanitary District of Greater Chicago, when due, at the rate fixed by the ordinance of the City now in force and effect, or which may hereafter be amended, for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(5) The Village shall pay to the City all charges for water furnished hereunder to supply consumers located outside the corporate limits of the Village and outside that part of the Village of Thornton that is within the boundaries of The Metropolitan Sanitary District of Greater Chicago, when due, at the rate of fifty per-cent (50%) higher than the rate fixed by the ordinance of the City now in force and effect, or which may hereafter be amended, for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(6) The Village shall be entitled to the same discount or benefit allowed to metered consumers of the City, as provided by the ordinances of the City now in force and effect, or which may hereinafter be amended, if the Village pays its water bills within the time prescribed by ordinance.

(7) The City reserves the right at any time during the term of this contract to classify water consumers and to fix rates for each class of consumer; also to fix rates for water furnished to the Village and other municipalities and persons or other water users, for consumption outside the corporate limits of the City, higher than the rates fixed for water furnished to consumers of the same class for consumption within the corporate limits of the City, subject to such limitations as are then applicable by law.

Period of Contract

(8) This contract shall be in force and continue in effect for a period not longer than ten years from the date hereof unless sooner terminated as herein provided.

Meters and Meter Equipment

(9) The Village, at its own cost and expense, shall provide and install the meter vaults, the meters and meter equipment measuring and controlling the said supply of water, which vaults, meters and meter equipment shall be of such type, size and design as shall be satisfactory to and approved by the Commissioner of Water and Sewers of the City and shall be located in or near the City limits at a location to be approved by said Commissioner of Water and Sewers. The control valves shall be located within the City and such meters, meter equipment, meter vaults and valves shall at all times be under the control of the City, but the full and complete maintenance and protection of such meters, meter equipment and meter vaults shall be the obligation of the Village.

(10) The properly authorized officers, agents and representatives of the City shall at all times have free access to the meter or meters and all other facilities herein provided for, for the purpose of shutting off the water for failure to pay the water rates or charges in this agreement provided to be paid by the Village and for the purpose of reading the registrations of said meter or meters, and to examine, shut off and test the same to ascertain whether or not they are in good condition and repair and to make such repairs upon the same as may be necessary, the expense of any and all necessary repairs to be borne by the Village.

(11) If at any time the said meter or meters shall fail to register correctly the quantity of water furnished and taken hereunder, or shall fail to register the flow of water through said meter or meters, the unregistered, under-registered or over-registered amount of water furnished and taken shall be determined by taking an average of the twelve (12) preceding readings of such meter or meters exclusive of deficient or excessive readings. Where said meter or meters have been installed for a period of less than one (1) year, or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of the City shall determine which are excessive or which are deficient readings and shall also determine the number of months upon which such estimate is to be based.

Terms and Conditions of Service

(12) The Village at its own cost and expense, shall provide, make and keep in repair all feeder mains, connections, meter vaults, receiving tank or tanks, booster or other pumps and slow-acting valves, or other appliances deemed necessary by the Commissioner of Water and Sewers of the City at the points of connection herein designated. If at any time the meter or meters or meter housing, which are also to be provided by the Village, shall prove unsatisfactory to said Commissioner of Water and Sewers, or be out of repair, they shall be replaced or repaired by the City, and the cost and expense of such replacements or repairs shall be charged to and paid by the Village.

(13) The Village shall provide, install, maintain and operate at its own cost and expense and at such locations as shall be designated by the Commissioner of Water and Sewers of the City, the following:

A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than the maximum day's supply of water; receiving tank or tanks, booster or other pumps, slow-acting valves and such other appliances or devices as may be required by said Commissioner of Water and Sewers for the purpose of increasing, decreasing, and otherwise, controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. The Village agrees to maintain and operate said reservoir or reservoirs of such capacity that water will be drawn from the City's mains at a substantial uniform rate of flow, as hereinafter provided during the period of this contract.

(14) The water supply furnished and taken hereunder shall be drawn by the Village at a substantial uniform rate of flow throughout twenty-four (24) hours of each day of the year.

It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(15) The Village agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the Chicago Water System. The Village further agrees that the duly authorized engineers and inspectors of the City, in collaboration with the representatives of the Village shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, and of all plants or other buildings of Water users within the territorial limits of the Village and the Village further agrees to make such changes in its piping and to eliminate such cross-connections or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(16) The Village agrees to prevent excessive use and waste of water.

(17) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(18) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all covenants herein contained.

(19) In order to safeguard its water supply received hereunder and the City's water supply, the Village hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality.

(20) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(21) The Village agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized engineers and inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village distribution system.

(22) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the corporate limits of the Village, except as provided for herein, unless it is specifically authorized so to do by the City Council of the City.

(23) The Village agrees to use City water exclusively during the period of this contract.

(24) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the corporate limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the corporate limits of the Village without first securing the consent in writing of the City Council of the City so to do.

(25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(26) At the end of each billing period, but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(27) To secure prompt payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village, for a period of ninety (90)

days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also save and keep harmless the City from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

(29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(30) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Village under the water supply contract No. 22955 dated November 13, 1961 by and between the City of Chicago and the Village of South Holland and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain for, or to enforce collection of any unpaid water charges accruing prior to the date of execution of this agreement.

(31) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinance of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village addressed to the President and Board of Trustees of the Village a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(32) No assignment or transfer of this agreement shall be made by the Village.

(33) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(34) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, or distribute water or limits the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan or the disposal of water from Lake Michigan to any municipality or user residing outside of the limits of the City of Chicago.

(35) The authority of the officials of the City to execute this agreement is evidenced by the authority of the City Council of the City of Chicago given on the .... day of .... A.D. 19......, and published in the Journal of Proceedings of the City Council for said date on pages .... thereof.

(36) The authority of the officials of the Village to execute this agreement is evidenced by the resolution passed by the President and Board of Trustees of the Village of South Holland at a regular meeting of said President and Board of Trustees duly held on the .... day of .... A.D. 19.......

State Legislature Memorialized to Implement Assistance to CTA under "Mass Transportation Operating Assistance Act of 1973" and City Pledges of M.F.T. Funds as Needed.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Hundreds of thousands of citizens are dependent upon the availability of the services of the Chicago Transit Authority which offers a combination of bus and rail service which extends into every community in the city; and
>
> WHEREAS, The majority of the users of the CTA are persons of moderate and low incomes, who cannot afford to use an automobile to go to work, to attend school, to shop, and to visit friends; and
>
> WHEREAS, The continued existence and expansion of mass transportation is a necessity if the city is not to become so congested with private automobiles as to interfere with the smooth flow of people in their daily pursuits; and
>
> WHEREAS, Mass transportation tends to reduce the amount of pollution; and
>
> WHEREAS, The mass transportation system is a standby service for motorists in times of emergency; and
>
> WHEREAS, For all the reasons enumerated, every citizen has a stake in a healthy mass transportation system which also is essential to the maintainance of industry and enterprise in the metropolitan area; and
>
> WHEREAS, Any fare increase places the most serious burden on just those people of moderate income who use the CTA the most, and fare increases result in a decreased number of passengers and reduced revenue which necessitates a reduction in services; and
>
> WHEREAS, The history of mass transportation throughout the country demonstrates that the service cannot be supported solely by passenger revenue and there is no alternative to a subsidy if these mass transportation systems are to continue; and
>
> WHEREAS, Mass transportation must be considered as a vital service to the people on a par with other municipal services such as police and fire protection; and
>
> WHEREAS, The City of Chicago has a long and extensive record of contributions to the city's mass transportation facilities—contributions which range from actual construction of subway and elevated systems, to the transfer of "soft match" credits, to outright grants of financial assistance. Despite these local contributions, and Federal and State grants for equipment, the CTA, dependent on the fare box for operating expenses, has suffered a financial crisis which has given rise to a scheduled five cent fare increase beginning February 1st and proposed cuts in service throughout the system, neither of which provide a long range solution and both of which are at odds with the goals of urban mass transportation *i.e.* expanded service and increased ridership; and
>
> WHEREAS, 31 suburban communities are served by the CTA and thousands of their residents throughout the metropolitan area are dependent upon its service to carry them between their homes and work every day; and the County of Cook has indicated its desire to participate in the program of assistance for the CTA with its own matching contribution; and
>
> WHEREAS, The financial plight of mass transit facilities is neither unique with the CTA nor isolated in Chicago—but the same experience is shared by bus lines, commuter railroads and transit districts throughout Illinois; and
>
> WHEREAS, Legislation has been introduced into the 78th General Assembly (Senate Bills 53 and 54 and House Bills 88 and 89) which would provide State emergency assistance to financially distressed mass transportation carriers wherever located in Illinois and wherever accompanied by a local contribution; now, therefore,
>
> *Be It Resolved,* That the City Council of the City of Chicago memorializes the 78th General Assembly to pass and the Governor of Illinois to sign the "Mass Transportation Operating Assistance Act of 1973" (S.B. 53 & 54, HB 88 & 89) as an emergency measure to aid financially distressed transit systems wherever they may exist in Illinois; and
>
> *Be It Further Resolved,* That in the interests of the people of Chicago and as a commitment in providing a solution to this financial crises in mass transportation, in keeping with the City's long history of assistance to transportation and despite the competing priorities for our Motor Fuel Tax allocation, the City Council of the City of Chicago hereby pledges Motor Fuel Tax Funds as the City's local contribution under the terms of the "Mass Transportation Operating Assistance Act of 1973" in such amounts as may be necessary.

WHEREAS, Any fare increase places the most serious burden on just those people of moderate income who use the CTA the most, and fare increases result in a decreased number of passengers and reduced revenue which necessitates a reduction in services; and

WHEREAS, The history of mass transportation throughout the country demonstrates that the service cannot be supported solely by passenger revenue and there is no alternative to a subsidy if these mass transportation systems are to continue; and

WHEREAS, Mass transportation must be considered as a vital service to the people on a par with other municipal services such as police and fire protection; and

WHEREAS, The City of Chicago has a long and extensive record of contributions to the city's mass transportation facilities—contributions which range from actual construction of subway and elevated systems, to the transfer of "soft match" credits, to outright grants of financial assistance. Despite these local contributions, and Federal and State grants for equipment, the CTA, dependent on the fare box for operating expenses, has suffered a financial crisis which has given rise to a scheduled five cent fare increase beginning February 1st and proposed cuts in service throughout the system, neither of which provide a long range solution and both of which are at odds with the goals of urban mass transportation *i.e.* expanded service and increased ridership; and

WHEREAS, 31 suburban communities are served by the CTA and thousands of their residents throughout the metropolitan area are dependent upon its service to carry them between their homes and work every day; and the County of Cook has indicated its desire to participate in the program of assistance for the CTA with its own matching contribution; and

WHEREAS, The financial plight of mass transit facilities is neither unique with the CTA nor isolated in Chicago—but the same experience is shared by bus lines, commuter railroads and transit districts throughout Illinois; and

WHEREAS, Legislation has been introduced into the 78th General Assembly (Senate Bills 53 and 54 and House Bills 88 and 89) which would provide State emergency assistance to financially distressed mass transportation carriers wherever located in Illinois and wherever accompanied by a local contribution; now, therefore,

Be It Resolved, That the City Council of the City of Chicago memorializes the 78th General Assembly to pass and the Governor of Illinois to sign the "Mass Transportation Operating Assistance Act of 1973" (S.B. 53 & 54, HB 88 & 89) as an emergency measure to aid financially distressed transit systems wherever they may exist in Illinois; and

Be It Further Resolved, That in the interests of the people of Chicago and as a commitment in providing a solution to this financial crises in mass transportation, in keeping with the City's long history of assistance to transportation and despite the competing priorities for our Motor Fuel Tax allocation, the City Council of the City of Chicago hereby pledges Motor Fuel Tax Funds as the City's local contribution under the terms of the "Mass Transportation Operating Assistance Act of 1973" in such amounts as may be necessary; and

Be It Further Resolved, That the City Council of the City of Chicago hereby memoralize the Chicago Transit Authority to postpone the effective date of their actions increasing the fare and reducing service for a period of time necessary to give the State Legislature an opportunity to act on the emergency legislation pending before it.

Thereupon Alderman Burke moved that the City Council do *Adjourn.* The motion *Prevailed* and the City Council *Stood Adjourned.*

OFFICE OF THE MAYOR
CITY OF CHICAGO

January 24, 1973.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—At the request of the City Comptroller, I transmit herewith a series of six ordinances authorizing the sale, in the aggregate, of $165,550,000 General Obligation Tax Anticipation Notes.

In previous years, the City has sold Tax Anticipation Warrants in order to secure funds necessary to carry on the essential City services for the ensuing fiscal year. Tax Anticipation Notes differ from Warrants in that they

(1) pledge the full faith and credit of the City of Chicago;

(2) are a general obligation of the City;

(3) have a definite maturity date;

(4) contain interest coupons;

(5) are rated AA by Standard & Poor's; and

(6) will have a national marketability.

In utilizing Tax Anticipation Notes for the first time, the Comptroller estimates that the additional security for these instruments, plus the greater number of potential bidders, will result in an estimated savings of approximately $500,000 in interest costs to the City.

Your favorable consideration of these ordinances will be appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Tribute Paid to Late Michael J. Cafferty.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Almighty God, in His Infinite Wisdom has called to his eternal reward on January 17, 1973, Michael J. Cafferty, Chairman of the Chicago Transit Authority; and
>
> WHEREAS, Michael J. Cafferty was a graduate of the University of Washington where he received a bachelors degree in economics and a law degree. He served as a Navy Pilot during World War II and was a Commander in the U.S. Naval Reserve. He began his career in public service in 1959 as counsel and legislative assistant to Senator Henry M. Jackson. From 1961 to 1965 he served as special assistant to the Chairman of the Civil Aeronautics Board. He was engaged in the private practice of law in Seattle, Washington from 1965 to 1969 and served as a consultant and special advisor to the Mayor of Seattle during this period, and was the principal architect of the mass transit plan for Seattle and the Puget Sound area; and
>
> WHEREAS, Mr. Cafferty served on the President's Task Force on Transportation in 1968 and then was appointed to the U.S. Department of Transportation in 1969, where he served as Assistant Secretary of Transportation until March, 1971. On April 22, 1971, he was appointed a member of the CTA Board by Mayor Richard J. Daley and subsequently was elected CTA Board Chairman, the position he held at the time of his untimely passing. He came to Chicago with great experience and background in urban transportation and was dedicated to providing maximum service to the public; and
>
> WHEREAS, One of Mr. Cafferty's major achievements on the CTA Board during his brief tenure was drafting a two-year capital improvement program for which $94 million dollars in federal aid and $47 millions dollars in state aid was granted. The program provides for the purchase of 1,000 new buses and 100 air-conditioned rapid transit cars and other major transit improvements now being carried out; and
>
> WHEREAS, Mr. Cafferty was known and respected nationwide as an extremely capable transportation professional. Those who came in contact with him knew him even better as a truly wonderful human being. He served with dedication and devotion as Chairman of the CTA. He will be sorely missed and his loss to Chicago is a great one. The loss is not just Chicago's, it is a loss to transportation and the nation; now, therefore,
>
> *Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 24th day of January, A.D., 1973, together with all the people of the City of Chicago express publicly their sorrow and regret upon the untimely passing of Michael J. Cafferty, Chairman of the Chicago Transit Authority, and acknowledge with appreciation their gratitude for his dedicated service to the Citizens of the Chicago Metropolitan Area and express their deep sympathy to his wife, Pastora Cafferty and to his family; and
>
> *Be It Further Resolved,* That a suitable copy of this Resolution be presented to Pastora Cafferty, widow of Michael J. Cafferty.

Tribute Paid to Late Firefighters Richard Kowalzyk, Timothy Moran and Alfred Stach.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Almighty God, in His Infinite Wisdom has called to their eternal reward on January 6, 1973, Chicago Firefighters, Richard Kowalzyk, Timothy Moran and Alfred Stach, who were killed in the line of duty in an extra alarm fire; and
>
> WHEREAS, Firefighters Richard Kowalzyk, Timothy Moran and Alfred Stach perished and twenty-eight other firefighters were hurt when the roof of the building housing the Forum Cafeteria at No. 64 West Madison Street collapsed bringing burning lumber and bricks down on the firemen. The first alarm was sounded at 2:50 A.M. Firemen responded immediately and fought the blaze in near zero weather. At first it was believed the fire was under control, but flames suddenly burst out again, shooting through the roof and high into the air. More than thirty-five men were in the two-story structure when the roof suddenly gave way showering them with burning debris, heavy beams, bricks and plaster. Many of those who survived did so because they were under a long balcony on the first floor which served as a protective shield when the roof caved in; and
>
> WHEREAS, Firefighter Richard Kowalzyk joined the Chicago Fire Department in 1970 and was assigned to Engine Co. 104. Firefighter Alfred Stach had been a member of the Fire Department since 1954 and was assigned as a driver for 1st Division Fire Marshal James Lucas. Firefighter Timothy Moran a former star football player on the Mt. Carmel Catholic High School 1960 City Championship team and later named to the All American Junior College football team, joined the Chicago Fire Department in 1971 and was assigned to Engine Co. 25. The three firefighters who perished served the people of Chicago with devotion and distinction. In carrying out their duties in fighting the fire on January 6, 1973 all three firefighters met a tragic and untimely death which brought to an end two years of firefighting for firefighters, Richard Kowalzyk and Timothy Moran and some eighteen years of firefighting for firefighter Alfred Stach; and
>
> WHEREAS, The people of Chicago are deeply mindful of the debt of gratitude they owe to all firefighters who are men dedicated to the tradition of their service, fighting fires and protecting the lives of Chicago's Citizens, but more so to firefighters Richard Kowalzyk, Timothy Moran and Alfred Stach who in giving their lives, gave the last full measure of devotion that one can give in response to the call of duty; now, therefore,
>
> *Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago in meeting assembled this 24th day of January, A. D. 1973, together with all the people of the City of Chicago express publicly their profound sorrow and regret upon the loss of Firefighters Richard Kowalzyk, Timothy Moran and Alfred Stach and express their deep sympathy to their wives Shirley Kowalzyk, Roseann Moran and Mary Stach; and

Be It Further Resolved, That in recognition of the service of Richard Kowalzyk, Timothy Moran and Alfred Stach to the people of Chicago, this resolution be spread upon the Journal of the Proceedings of the City Council of the City of Chicago and that a suitable copy of this Resolution be presented to Shirley Kowalzyk, widow of Richard Kowalzyk, Roseann Moran, widow of Timothy Moran and Mary Stach, widow of Alfred Stach.

Alderman Burke moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Burke (seconded by Alderman Despres) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Tribute Paid to Late Roberto Clemente.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Almighty God, in His Infinite Wisdom has called to his eternal reward on January 1, 1973, Roberto Clemente, Star Outfielder for the Pittsburgh Pirates, who died in the crash of a cargo plane carrying relief supplies to the victims of the earthquake in Managua, Nicaragua; and
>
> WHEREAS, Roberto Clemente was a native of Puerto Rico where he was the most popular sports figure in the island's history. He was only the 11th man in baseball history to record 3,000 hits and his lifetime batting average of .317 was the highest among active players. Roberto Clemente won the National League batting championship four times during his 18 season career; he was named to the All-Star Team 12 times and in 1966 was selected as the National League's Most Valuable Player. He led the Pittsburgh Pirates to two world championships in 1960 and 1971 and in 1971 was named the Most Valuable Player in the World Series; and
>
> WHEREAS, Roberto Clemente was the leader of Puerto Rican efforts to aid the Nicaraguan victims. He was aboard the plane on that fatal flight so as to insure that the relief supplies reached the victims that needed them and did not fall into the hands of profiteers; and
>
> WHEREAS, The untimely and tragic death of Roberto Clemente not only deprived the public of an outstanding sports figure who will long be remembered for his feats on the baseball field; but more importantly deprived the world of a compassionate and concerned person, a national hero and inspiration to the kids in the barrios of Puerto Rico, where he was deep into the dream of building a "Sports City" to encourage children in sports and humanities. The manner in which Roberto Clemente died spoke more eloquently of the way he had lived than all the spectacular baseball statistics for which, in due course, he will be enshrined in Baseball's Hall of Fame. Roberto Clemente will be remembered as he himself said he would like to be remembered, as a player and a person who had given everything he could according to his ability; now, therefore,
>
> *Be It Resolved,* That the Mayor and members of the City Council, in meeting assembled this 24th day of January, A.D. 1973, together with all the people of the City of Chicago express publicly their sorrow and regret upon the untimely and tragic loss of Roberto Clemente, a distinguished sports star and compassionate human being and express their deep sympathy to his wife Vera Clemente and his three sons Roberto Jr., Luis and Enrique; and
>
> *Be It Further Resolved,* That a suitable copy of this Resolution be presented to Vera Clemente, widow of Roberto Clemente; and
>
> *Be It Further Resolved,* That a suitable public facility be named in honor of the memory of Roberto Clemente.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane (seconded by Alderman Langford) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Tribute Paid to Late Patrolman Robert F. Wenzel.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, Almighty God, in His Infinite Wisdom, has called to his eternal reward on January 19, 1973, Patrolman Robert F. Wenzel, who was brutally killed in the line of duty; and
>
> WHEREAS, Patrolman Wenzel while on traffic patrol duty on North Lake Shore Drive early Friday morning, January 19, 1973, stopped a speeding car in the northbound lanes of the 1900 block at about 5:10 A.M. Patrolman Wenzel's vascar unit showed the speeding car was going 52 miles an hour in a 40 mile per hour zone. Patrolman Wenzel was shot twice before he was able to draw his service revolver and return fire. Notwithstanding the fact that he was mortally wounded, Patrolman Wenzel with courage and determination drew his service revolver and shot and wounded the man believed to have fired the shots that killed him. The wounded man was found lying near Wenzel's squad car by police who responded to a call for help. A second man who participated in the wanton attack on Patrolman Wenzel escaped and was being sought by Chicago Police; and
>
> WHEREAS, Patrolman Wenzel attended Lane Technical High School. He was a member of the United States Coast Guard Reserve. He joined the Chicago Police Force January 16, 1961 and was assigned to the Traffic Division. During his career as a patrolman he had received an honorable mention for meritorious service. His fellow officers remember him as a good man, a man well liked, a hard worker who was always first to respond with a backup car on any emergency calls; and
>
> WHEREAS, All Chicagoans were shocked by the tragic, brutal, deliberate senseless and wanton killing of Patrolman Wenzel. His death again reminded the Citizens of Chicago that every policeman faces instant danger constantly and that he deserves the highest degree of admiration for his willingness to serve the community on instant call whenever necessary, even at the risk of losing his life; Patrolman Wenzel will be sorely missed not only by his family, but also by his friends, fellow officers and by his

fellow citizens, whom he tried to serve to the very best of his ability; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 24th day of January, A. D. 1973, together with all the people of the City of Chicago, by this Resolution hereby express their profound sorrow and deep regret upon the unfortunate and untimely death of Patrolman Robert F. Wenzel and further express their deep sympathy to his wife, Rose Wenzel; and

Be It Further Resolved, That as a mark of respect to the memory of Patrolman Robert Wenzel this Resolution be spread upon the record in the Journal of Proceedings of the City Council of the City of Chicago and that a suitable copy of this Resolution be presented to Rose Wenzel, widow of Patrolman Robert F. Wenzel.

Alderman Aiello moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Aiello (seconded by Alderman Hoellen) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

This Agreement, made and entered into this .... day of ...., 1972, by and between State of Illinois, acting through its Department of Transportation, hereinafter called "State", and City of Chicago, a Municipal Corporation, acting through its Department of Public Works, hereinafter called "City":

WITNESSETH:

Whereas, the extension and improvement of Chicago-O'Hare International Airport, as adopted by ordinances enacted by City and approved by

State, requires the relocation of Irving Park Road (S.B.I. Route 19), marked Illinois Highway 19, and designated State Section 3058 D-1 and City Section Irving Park Road 0003 W-CS, between Mannheim Road, Schiller Park and Hamilton Street, Bensenville; and

Whereas, the improvement of said road will result in great and lasting benefit to the people of the entire State of Illinois, County of Cook, and City of Chicago; and

Whereas, the total cost of this improvement as provided in this Agreement is estimated to be $3,861,000.00.

Now, Therefore, in consideration of the premises and mutual undertakings of the Parties hereto and in conformity with all applicable laws, the parties hereto agree as follows:

1. City and State shall jointly undertake the improvement of Irving Park Road between Mannheim Road and Hamilton Street, in the Villages of Schiller Park and Bensenville; the City of Chicago, of which the aforementioned Airport is part, and the unincorporated areas of the County of Cook, which improvement shall be substantially as indicated on Exhibit 1, attached hereto and made a part hereof.
2. This improvement shall be financed with the respective Parties hereto bearing their portion of the total estimated cost as follows:

   In addition, City shall grant State permanent easements for highway purposes for property presently owned by City and designated Parcel No.'s 0004 through 0008, as shown on Exhibits 4 through 8, attached hereto and made a part hereof, at no cost to State.

   State may grant to City, upon application and a showing of convenience and necessity for airport purposes, a right of ingress and egress from the permanent easement highway areas referred to above to the City-owned property situated southeasterly of the relocated highway and lying between Station 154+41.90 and Station 122 + 25.56 as shown on Exhibit 6 referred to hereinabove.

   City shall grant State permanent easements for the construction and maintenance of a special drainage ditch outside of, and adjacent to, the Northerly right-of-way line of the relocated highway, shown respectively as Parcel No.'s MC05, MC06, and MC07 on the aforementioned Exhibits 5, 6, and 7 and temporary easements for ditch and temporary detour road construction, shown as Parcel No.'s TE06 and TD06 respectively on the aforementioned Exhibit 6; at no cost to State.

   (d) Engineering; including the preparation of contract plans, specifications, and estimates of cost and construction supervision.
4. The general design of this improvement shall be subject to the approval of all the Parties hereto.
5. State shall make the surveys; prepare plans, specifications, and estimate of cost, acquire right of way, advertise for bids, award the contract, and furnish engineering inspection and construction supervision for this improvement as described herein.
6. After this improvement has been completed and placed into operation, City and State shall cooperate in transferring to City jurisdiction over, and ownership of, the existing right-of-way of that portion of Irving Park Road between the East and West points of its intersection with relocated Irving Park Road, as shown on the aforementioned Exhibit 1, which right-of-way is entirely within the boundary lines of the aforementioned Airport, also as shown on the aforementioned Exhibit 1.
7. State agrees to permit City to enter upon, and work within, the aforesaid existing right-of-way of Irving Park Road, upon completion of the improvement and prior to the vacation of said right-of-way by State, if such action should be necessary so as to not delay the construction of the proposed Airport runway and appurtenant taxiways.

8. City agrees to permit State to enter upon, and work within, the aforementioned property presently owned by City and to be transferred to State in accordance with the provisions of Section 3(a) hereinabove.
9. Ownership, jurisdiction, and responsibility for maintenance of the existing pavements and other public facilities remaining within said existing right-of-way shall be automatically transferred to City when relocated Irving Park Road is placed in operation, except State reserves the right to remove any and all traffic control and lighting installations which it owns.
10. Payment of all costs necessitated by this improvement in accordance with this Agreement shall be made by State from its Highway Fund. City shall reimburse State for its share of the cost of this improvement immediately upon the receipt of invoices from State, using funds obtained from the sale of Chicago-O'Hare International Airport Revenue Bonds, Series of 1968, subject, however, to the enactment of a City Ordinance, acceptable to State, authorizing the use of these funds for this purpose.
11. Construction work for this improvement shall be performed by contract. The work shall not be advertised for bids until the surveys, plans, specifications, and estimates of cost for same have been approved by a representative of each of the Parties to this Agreement; nor shall any contract for this improvement be awarded by State until the representative of each of the Parties hereto has approved such award. The official representatives of each of the Parties hereto shall be as follows:

    City—Commissioner of Public Works

    State—Chief Highway Engineer
12. State shall keep accurate records of its costs, and such records shall be made available at all times for inspection by City. The costs shown in the records and mutually agreed upon by both of the Parties hereto to be chargeable in accordance with this Agreement shall be used as the basis for the final division of costs as provided herein, with the understanding that City's share of the actual total cost of the items enumerated in Section 3 hereinabove shall not exceed one million, nine hundred thousand dollars ($1,900,000.00).
13. Upon the completion of this improvement, State agrees to assume responsibility for the maintenance, control, and operation of the relocated roadways and appurtenant traffic control devices, including payment of the electrical energy charges therefor.
14. City shall enact the necessary ordinances prohibiting all parking in the areas covered by this Agreement which are under its jurisdiction.

In Witness Whereof, the Parties hereto have caused this Agreement to be executed on the date first above written.

To the President and Members of the City Council:

Your Committee on Finance to which was referred a communication dated November 30, 1972 from the Department of Public Works transmitting an ordinance authorizing the execution of an agreement between the Illinois Center Corporation and the City of Chicago for the Improvement of N. Columbus Drive, E. Randolph Street to E. Respectfully submitted,
(Signed) THOMAS E. KEANE,

The proposed ordinance transmitted with the foregoing committee report reads as follows:

Be It Ordained by the City Council of the City of Chicago:

Section 1. That the Mayor be and is hereby authorized and directed to execute, the Commissioner of Public Works to approve, the City Clerk to attest, and the City Comptroller to accept upon approval by the Corporation Counsel as to form and legality, a certain Agreement between the City of Chicago, a Municipal Corporation of the State of Illinois and Illinois Center Corporation, a corporation created and existing under and by virtue of the laws of the State of Texas, an agreement for the improvement of N. Columbus Drive, E. Randolph Street to E. Wacker Drive in connection with the Illinois Central Air Rights Development, which agreement is substantially in the following form:

This Agreement, made and entered into as of this .... day of ...., 1972, by and between the City of Chicago, a Municipal Corporation organized and existing under the laws of the State of Illinois, hereinafter referred to as "City", and the Illinois Center Corporation, a corporation organized and existing under the laws of the State of Texas, on behalf of Illinois Central Railroad Company, hereinafter referred to as "Corporation";

WITNESSETH:

Whereas, pursuant to the terms of the 1969 Amendatory Lake Front Ordinance, passed by the City Council of the City of Chicago on September 17, 1969, and appearing on pages 6121 to 6150, both inclusive, of the Journal of the Proceedings of the City Council of the City of Chicago of said date, hereinafter referred to as the "Ordinance", the City and Corporation, among other things, are jointly responsible for the financing, design and construction of foundations and superstructure for an intermediate level and an upper level street in N. Columbus Drive from Randolph Street to Wacker Drive, hereinafter referred to as "Project"; and

Whereas, because of the requirements under the Municipal Purchasing Act of the State of Illinois and certain requirements of the Department of Transportation of the State of Illinois and the United States Department of Transportation, City and Corporation consider it desirable and practical that certain portions of the engineering and construction of the Project be performed under the direction of the City, subject to the approval of the Corporation and the costs therefor paid in accordance with this Agreement:

Now, Therefore, the parties hereto do mutually agree as follows:

Section 1.

(a) Contract plans, specifications, estimates, contract documents and studies for the Project shall be prepared in accordance with a contract between City and Westenhoff & Novick, Inc., dated May 1, 1972, under the direction of the City at the expense of the City and Corporation in the manner and proportion as hereinafter set forth and in accordance with and by virtue of the Ordinance. Any amendments to said contract, or approval of any work involving reimbursement or compensation in excess of the percentage of construction cost therein provided shall be subject to prior written approval of Corporation.

(b) All plans, specifications and estimates of costs, contract documents and special provisions for said work shall be subject to the written approval of the parties hereto, the Department of Transportation of the State of Illinois, and the United States Department of Transportation.

Section 2.

(a) City will construct or cause to be constructed the Project except for the concrete deck of the upper level streets, in accordance with the said plans, specifications and special provisions referred to hereinabove and as shown on the drawings marked "Exhibits 1, 2 and 3" which are attached hereto and made parts hereof. The cost of said construction and the performance of all other work required in connection with the Project shall be paid for by City and Corporation in the manner and proportions as set forth herein.

(b) Corporation will construct or cause to be constructed the lower level street, the upper level concrete street deck, and all utilities beneath the lower level streets, all appurtenant to the Project. Paving of the lower level streets will be accomplished as the last construction of each segment of work. Corporation shall reimburse City for any extra costs necessarily incurred by the City as a direct result of interference with, or delays to, City's contractor, in the performance of work contemplated by this Agreement, caused by Corporation's contractor in constructing the upper level concrete street decks.

(c) All plans and contracts relating to this Agreement shall be subject to the approvals of the parties as provided in the Ordinance.

Section 3.

(a) The cost of engineering, including studies, surveys, soil borings, design, preparation of final detailed plans, specifications, estimates and contract documents for the Project shall be paid for by City and Corporation on the basis of the actual costs for construction of their respective portion or portions of the Project as required under the terms of the Ordinance.

(b) The cost of construction and construction engineering of the Project shall be paid for by City and Corporation as determined from and on the basis of the actual contract quantities chargeable to that portion of the Project which each of the parties hereto is responsible to construct under the terms of the Ordinance.

(c) All proposals submitted for the work in connection with the Project and the award of contracts to the successful bidders shall be subject to the approval of the Corporation, as provided by the terms of the ordinance.

Resolution Adopted on Death of Former President Lyndon Baines Johnson.

WHEREAS, On January 22, 1973, at his home in Texas, the thirty-sixth President of the United States, Lyndon Baines Johnson, succumbed to a heart attack; and

WHEREAS, The people of Chicago grieve with the rest of the nation and with people who cherish freedom around the world, at the passing of an exceptional leader; and

WHEREAS, Lyndon Baines Johnson was born on August 27, 1908 on a farm near Stonewall, Texas to parents of modest means but with a tradition of public service, as both his father and grandfather had served in the Texas legislature; and

WHEREAS, After serving as a teacher, he worked in 1932 for the election of a Texas congressman and went to Washington with him as secretary, gaining his first intimate knowledge of the working of the nation's capital and of the national government; and

WHEREAS, After serving as Texas state administrator of the National Youth Administration, he was elected to Congress as an advocate of the Roosevelt progressive philosophy; and

WHEREAS, As a legislator he served his community well and earned the respect and friendship of his fellow legislators and of President Franklin D. Roosevelt who took a personal interest in the young law-maker; and

WHEREAS, After serving six terms as a representative he was elected to the U.S. Senate in 1948 and rose in the ranks of the Senate to the position of minority and majority leader where his skills as a legislator earned him the respect of the entire Senate and the nation for his knowledge of men and issues; and

WHEREAS, In 1961 he was elected as Vice President of the United States and served with distinction until he assumed the office of the Presidency on November 22, 1963; and

WHEREAS, His calm leadership united the country at a most tragic moment and he carried on the programs of President John F. Kennedy, and saw the administration's bills enacted into law; and

WHEREAS, This man from the Southwest succeeded in having enacted into law one of the most progressive civil rights bills in the nation's history and he sponsored precedent-making legislation which it was his hope would produce the Great Society for all Americans; and

WHEREAS, In 1964 he sought the Presidency in his own right and won an overwhelming vote of confidence, and with this mandate pursued the course of achieving the American dream of a Great Society; and

WHEREAS, His foreign policy was based on compassion and a desire to assist nations to determine their own futures without interference, and he sought by every diplomatic means to achieve a negotiated settlement in Vietnam; and

WHEREAS, In 1968, with a second term as President in the offing, Lyndon Baines Johnson considered the nation before his personal desires and stepped aside in the hopes of reducing the conflict within the nation and advancing the cause of peace; and

WHEREAS, His efforts in the last days in office produced the start of the negotiations for a settlement in Vietnam which has been realized; and

WHEREAS, Chicago always has had a fondness for President Johnson who visited the city often in his campaigns and on other occasions and received warm and enthusiastic receptions; and

WHEREAS, The nation mourns the loss of this great spirit, the tall man from Texas who envisioned an American society where life would be better for every human being and whose philosophy was one of consensus—expressed in the Biblical admonition—"Come, let us reason together"; now, therefore,

Be It Resolved, That we, the Mayor and the members of the City Council of the City of Chicago, in meeting assembled this 24th day of January, A.D. 1973, do hereby express on our own behalf and on behalf of the people of Chicago, our heartfelt sorrow at the passing of a great President and a noble American; and

On motion of Alderman Keane (seconded by Aldermen Sperling, Holman, Cohen and Frost) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Keane and the seconding aldermen saluted the late President as having devoted his life to underprivileged persons. He was noted chiefly for his endeavors in the establishment of Civil Rights. It was noted that after years of efforts by previous administrations President Johnson was responsible for the passage of legislation insuring voting rights, aid to education, medicare, housing and urban development, minimum wage and countless other measures devoted to improvements for underprivileged persons of all races, colors and creeds. He was saluted as being a compassionate man who despite his background had always been aware of the plight of the Spanish speaking minority in his own state and had waged constant warfare on those groups who would suppress minority groups. It was also noted that he had displayed the greatest courage in his withdrawal as a candidate for the presidency in his efforts to reunite the country which was divided over the question of the continuation of the war in South-East Asia. He had tried unsuccessfully to bring a lasting and honorable peace and all mourned the fact that he had died before an announcement of peace was made regarding Viet Nam. All concluded by extending their condolences to the late President's family.

PRAYERS OFFERED BY RABBI RALPH SIMON AND REV. RICHARD KELLER.

Honorable Richard J. Daley, Mayor, then called upon Rabbi Ralph Simon, Rodfei Zeded Congregation and Reverend Richard Keller, Beth Eden Baptist Church, who both offered prayers for the repose of the soul of the late Lyndon Baines Johnson.

Rabbi Simon said that during his lifetime the President had enjoyed many satisfactions and endured the agonies that his office encompassed in his efforts as President of the country to achieve the "American dream". He concluded by offering a traditional Jewish prayer for his lasting peace.

Reverend Keller stated that he too joined in mourning the passing of President Johnson. He also hoped that the torch that was dropped from his hands, would be carried on to improve conditions for all mankind.

PRESENTATION OF DISTINGUISHED GUESTS.

The Mayor then introduced to the Council and assembled guests the following:

Lt. Governor Neil Hartigan;
Steve Lamb, representing Labor;
Judge William Lynch, representing the Federal Judiciary;
Judge Edith Sampson, representing the Circuit Court;
Hon. Matthew Danaher, representing County officials.

The Mayor also extended his appreciation to the members of the military and other groups who were in attendance at the meeting.

RENDITION OF "THE NAVY HYMN" BY BLUE JACKET CHOIR OF GREAT LAKES NAVAL STATION.

Honorable Richard J. Daley, Mayor, then presented the Blue Jacket Choir from the Great Lakes Naval Station who sang "The Navy Hymn".

BENEDICTION.

Mayor Daley then presented Reverend Father Severino Lopez of the Claretian Fathers who delivered the benediction.

The Mayor thereupon addressed the Council stating that no one had loved his country more than Lyndon Baines Johnson, stating that he had great respect for the military, a love of the poor and had great loyalty to his God, his country, family and friends. The Mayor also noted the beautiful friendship that had existed between President Johnson and the late Sam Rayburn and had worked tirelessly with him for improvements for our country. The Mayor also said that President Johnson had great respect and reverence for the office of the presidency and had been saddened when disrespect was displayed by the public toward that high office. The Mayor recalled a sign that President Johnson had hung in his office which declared that there is no south, there is no north, there is no east, there is no west, there is one America, there is no white, no black, there is no spanish, no red, we are all citizens of a great country. The Mayor concluded by urging all to work to make our city and country a better place for all people.

SOUNDING OF TAPS.

Buglers from the Chicago Fire Department Color Guard, American Legion Post, sounded taps in honor of former President Johnson.

RETIREMENT OF COLORS.

The Fire Department Color Guard thereupon withdrew the Colors from the chambers.

Honorable Richard J. Daley, Mayor, announced that the Memorial Services for the former President, Lyndon Baines Johnson, are now concluded.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Allocation of M. F. T. Funds Authorized for Use by C.T.A. as Matching Grant.

Honorable Richard J. Daley, Mayor, submitted the following proposed ordinance:

> WHEREAS, Under the terms of the Emergency Public Transportation Assistance Act, which was passed by the 77th General Assembly, the State of Illinois, the City of Chicago and the County of Cook have participated in a program of matching contributions on a two-third State and a one-third local basis to assist the Chicago Transit Authority; and
>
> WHEREAS, The City of Chicago has to date contributed $5,000,000, the County has contributed $4,500,000 and the State has contributed $19,000,000, in order to assist the Chicago Transit Authority in meeting its operating expenses; and
>
> WHEREAS, The principles of intergovernmental cooperation between State and local governments has been widely recognized and implemented nationally in meeting the ever growing financial burdens which mass transportation systems are encountering. It is universally accepted at all Federal, State and local levels that public transportation cannot survive from fare box revenues alone. Such States as Massachusetts, New York, Maryland, Pennsylvania, Michigan, Georgia and California and others have already adopted on-going programs of State and local participation in mass transportation; and
>
> WHEREAS, Hundreds of thousands of citizens throughout Illinois are dependent upon the availability of mass transportation systems which provide the means whereby citizens must necessarily, and other citizens may conveniently and economically commute to and from their places of work, worship and recreation throughout the State; and
>
> WHEREAS, The 78th General Assembly presently has pending before it certain Bills which contemplate financial operating assistance to mass transportation units in the State of Illinois; and
>
> WHEREAS, Said Bills provide for a combination of grants-in-aid to be made to mass transportation systems throughout the State of Illinois, including the Chicago Transit Authority, by the governments of the State of Illinois, County of Cook and the City of Chicago, as has heretofore been utilized to provide financial assistance; and
>
> WHEREAS, Said Bills impose as conditions of grants to mass transportation systems, including the Chicago Transit Authority, the requirement that contributions by local governments amount to not less than one-third of the mass transportation carrier's certified operating deficit, or its acceptable estimate; now, therefore,
>
> *Be It Ordained by the City Council of the City of Chicago:*
>
> SECTION 1. There is hereby allocated, set aside and earmarked the sum of Ten Million Dollars ($10,000,000.00) for use by the Chicago Transit Authority as a matching grant from the City of Chicago to be paid by the City from that part of the Motor Fuel Tax Funds which have been or may be allocated to the City of Chicago. Said allocation shall be made payable at such time as State grants-in-aid are made available to the Chicago Transit Authority for application to its operating expenses.
>
> SECTION 2. The sum of Ten Million Dollars ($10,000,000.00) heretofore allocated shall be deemed, considered and construed as the payment and fulfillment of the local contribution required of the City of Chicago in the "Mass Transportation Operating Assistance Act of 1973" (S.B. 54 and H.B. 89) now pending before the 78th General Assembly, or any other similar Act which may be passed by said General Assembly providing a two-third State—one-third local matching contribution.
>
> SECTION 3. That the City Clerk is hereby directed to transmit a certified copy of this ordinance to Daniel Walker, Governor of the State of Illinois, and two certified copies of this ordinance to the Department of Transportation of the State of Illinois, Springfield, Illinois.
>
> SECTION 4. This ordinance shall be in force and effect from and after its passage.

U. S. Congress Urged to Resist Proposed Budget Decreases by President to Eliminate and Curtail Certain Urban Programs.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

> WHEREAS, The President's budget presented to the Congress on Monday of this week increased requests for defense and decreased requests for funds for human service programs; and
>
> WHEREAS, The effect of the budget will be the reduction of the capacity of cities throughout the nation to meet human needs; and
>
> WHEREAS, The new budget will give to the cities greater decision making powers and fewer resources to carry out those decisions; and
>
> WHEREAS, The Office of Economic Opportunity will be dissolved with no provisions for continuing the much needed Community Action Programs with the result that the city's network of Urban Progress Centers and many programs funded through private agencies will have to be terminated by June 30 this year. These involve approximately 5,000 jobs; and
>
> WHEREAS, The Model Cities program will be severely curtailed resulting in a loss of millions of dollars and a reduction in programs funded through that agency as well as a reneging on previous commitments to five full action years. This also will result in thousands losing their jobs; and
>
> WHEREAS, New restrictions will be imposed on Day Care Services with the result that large numbers of children presently eligible for such federally financed services will no longer be eligible and there will be an overall decrease in Child Care Services; and
>
> WHEREAS, The moratorium on subsidized housing and site selection criteria will almost eliminate the ability of cities to construct new housing; and
>
> WHEREAS, The funds for federal aid to education will be significantly decreased with a disproportionate decrease in compensatory education programs and Head Start Services; and
>
> WHEREAS, The President's Budget Message phases out the highly successful Public Employment Program. If this program is phased out, 2,500 men and women who normally work for the City of Chicago and sub-agents would be thrown out of work. It also phases out the Neighborhood Youth Corps which provides jobs for 4,500 of Chicago's disadvantaged youths and which employed 33,000 Chicago youths last summer; and
>
> WHEREAS, The federal government, through the Congress, has recognized the need for providing a wide range of health services to protect the health and safety of the people and provided financial support for many programs above and beyond that which municipalities can provide, the termination of such funding can, bring about a life or death situation for thousands of our citizens through lack of medical care or failure to control communicable disease; now, therefore;
>
> *Be It Resolved,* That the Mayor and members of the City Council of the City of Chicago in meeting assembled this 31st day of January, A.D., 1973, hereby urge the President of the United States to take appropriate action to cancel the proposed budget changes which would decrease funds for human service programs; and
>
> *Be It Further Resolved,* That the Congress of the United States be urged to assure appropriations sufficient to maintain a level of funding sufficient to carry on these urgent programs; that Congress assure an orderly transition to any new approaches to funding urban programs to avoid disruption in continuity of service to people; that Congress insure by appropriate legislation that the present revenue sharing program not be used at the expense of the present individual grant-in-aid urban programs and that any future additional revenue sharing programs to replace presently existing individual urban programs do not reduce the level of funding now available to cities but in fact increase the level of funding so sorely needed to avoid the decay of the cities; and
>
> *Be It Further Resolved,* That a copy of this resolution be sent to the President of the United States, the Director of the United States Office of Management and Budget and to all members of the Illinois Delegation to the United States Congress and that the members of the Illinois Delegation to Congress be urged to spare no effort to achieve the purposes of this resolution.

Alderman Holman moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

This Agreement, made and entered into as of this .... day of ...., 1972, by and between the City of Chicago, a Municipal Corporation organized and existing under the laws of the State of Illinois, hereinafter referred to as "City", and the Illinois Center Corporation, a corporation organized and existing under the laws of the State of Texas, on behalf of Illinois Central Railroad Company, hereinafter referred to as "Corporation";

WITNESSETH:

Whereas, pursuant to the terms of the 1969 Amendatory Lake Front Ordinance, passed by the City Council of the City of Chicago on September 17, 1969, and appearing on pages 6121 to 6150, both inclusive, of the Journal of the Proceedings of the City Council of the City of Chicago of said date, hereinafter referred to as the "Ordinance", the City and Corporation, among other things, are jointly responsible for the financing, design and construction of foundations and superstructure for an intermediate level and an upper level street in N. Whereas, because of the requirements under the Municipal Purchasing Act of the State of Illinois and certain requirements of the Department of Transportation of the State of Illinois and the United States Department of Transportation, City and Corporation consider it desirable and practical that certain portions of the engineering and construction of the Project be performed under the direction of the City, subject to the approval of the Corporation and the costs therefor paid in accordance with this Agreement:

Now, Therefore, the parties hereto do mutually agree as follows:

(c) All plans and contracts relating to this Agreement shall be subject to the approvals of the parties as provided in the Ordinance.

Section 3.

(a) The cost of engineering, including studies, surveys, soil borings, design, preparation of final detailed plans, specifications, estimates and contract documents for the Project shall be paid for by City and Corporation on the basis of the actual costs for construction of their respective portion or portions of the Project as required under the terms of the Ordinance.

(b) The cost of construction and construction engineering of the Project shall be paid for by City and Corporation as determined from and on the basis of the actual contract quantities chargeable to that portion of the Project which each of the parties hereto is responsible to construct under the terms of the Ordinance.

(c) All proposals submitted for the work in connection with the Project and the award of contracts to the successful bidders shall be subject to the approval of the Corporation, as provided by the terms of the ordinance.

Section 4. The City shall submit detailed invoices to the Corporation no more frequently than monthly during the progress of the work, for payment on account for the Corporation's share of the actual cost of the engineering and/or construction work of the Project completed and paid for by the City to date.

Upon receipt of such invoices from the City and the approval thereof by the Corporation, the payment covering the Corporation's share of the cost of such work performed will be due and payable to the City within 14 days from the escrow established pursuant to the terms of the Ordinance. Apollo 17 Astronauts Hailed for Heroic Space Adventure.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, On Wednesday, December 6, 1972, Astronauts Eugene A. Cernan, Ronald E. Evans and Harrison H. Schmitt successfully undertook the Apollo 17 Mission to the Moon; and

WHEREAS, Command Ship "America" with lunar lander "Challenger" attached, began America's last planned moonlanding voyage at 11:33 P.M., Chicago time on Wednesday December 6, 1972. The launching was by far the most spectacular in the one thousand eight hundred and sixty-seven blastoffs on the Cape Kennedy Base in the 22 years of its existence. The blastoff turned night into day with a blaze of yellow-white light that rivaled the noon-time sun in intensity; and

WHEREAS, As eloquent testimony to the outstanding teamwork effort of the engineers, scientists and technicians on the ground and the Astronauts in space, Apollo 17 proceeded without problems to circle the earth, then proceeded out of Earth Orbit and on its way to the moon, 240,000 miles away. On Monday, December 11, 1972, at 1:55 P.M., Chicago time, lunar lander "Challenger" with Captain Eugene A. Cernan and geologist Harrison H. Schmitt landed in the Taurus-Littrow highlands of the moon. The landing 300 feet from target was the smoothest and closest to bullseye, of any in six moon visits by Appollo Astronauts in the past three and one-half years. During their record 22 hours outside their moonship, Astronauts Cernan and Schmitt collected some 250 pounds of lunar rocks, more than any of the ten moonwalkers before them. They set up the moon's fifth scientific station and drove their battery-powered rover across 22 and one-half miles of the cratered valley. They took more than 2000 photographs, and turned up what may well be the first positive evidence of relatively recent activity on the moon. In terms of its scientific payoff the Apollo 17 Mission will probably turn out to be the best. The discovery of orange soil was hailed as "one of the important finds in Apollo geology." Completing the moon exploration, Captain Cernan unveiled a plaque, which would remain behind on the moon, which read "Here man completed his first explorations of the moon December, 1972 A.D., May the spirit of peace in which we came be reflected in the lives of mankind." Then, on Thursday, December 14, 1972 at 4:55 P.M., Chicago time, lunar lander "Challenger" blasted off from the moon and little more than seven minutes after its spectacular ascent from the lunar surface was in lunar orbit ready for its rendezvous with Command Ship "America"; and

WHEREAS, On the second try Command Ship "America" and lunar lander "Challenger" were firmly joined. Cernan and Schmitt climbed through the connecting tunnel, taking their rocks, films and other paraphernalia with them, and rejoined Evans in the Command Ship. Its job done, "Challenger" was sent crashing into the moon, landing only nine miles from the valley it had just left. Two days later, on "America's" 76th revolution of the moon, the Astronauts fired the spacecraft engine to blast themselves out of lunar orbit and start them on their voyage home. On Tuesday, December 19, 1972 at approximately 1:24 P.M., Chicago Time, the Apollo 17 Mission to the moon came to a successful conclusion with the splashdown in the South Pacific of Command Ship "America", and

WHEREAS, The Apollo 17 Mission to the Moon represented the grand finale to the Apollo program and probably the last time in this century that men will walk on the moon. Man can only speculate on the impact of the Apollo missions on the future of mankind. Their significance can only be likened to the discovery of the new world and its impact on the old world. The people of the United States and the world owe a debt of gratitude to the men and women who, in dedicated labor on the ground and in space, braved the unknown to achieve the successful scientific breakthroughs represented by the Apollo Missions to the moon; now, therefore,

Be It Resolved, That the Mayor and members of the City Council in meeting assembled this 14th day of March, A.D., 1973, do hereby express, in the name of every citizen of Chicago, their profound gratitude, heartfelt appreciation and lasting admiration to Astronauts Cernan, Evans, and Schmitt, and this day to pay tribute to our heroic space adventurers for their accomplishments and to all their colleagues in the Apollo Space Program for completing successfully a significant chapter in the annals of American history, America's Apollo Space Program.

On motion of Alderman Hedlund the foregoing proposed resolution was *Adopted.*

Public Urged to Purchase Only Non-Phosphate Detergents while Court Decision is being Appealed.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, The scientific community has conclusively established that phosphates in laundry detergents have a most harmful effect on the quality of water and are a significant contributor to the premature aging and death of bodies of water, as has been evidenced by the demise of Lake Erie; and

WHEREAS, Early in 1970 water quality testing showed that each day twenty tons of phosphorus came out of the three major sewage treatment plants of The Metropolitan Sanitary District of Greater Chicago and that detergents were the main cause of this phosphorus; and

WHEREAS, To protect Lake Michigan, to improve the quality of water in the Chicago, Des Plaines and Illinois Rivers, and to encourage other communities to similarly safeguard our environment, the City of Chicago on October 14, 1970 became the first governmental body in the United States to prohibit the sale of phosphate detergents by enacting the Water Pollution Control Act; and

WHEREAS, Last November a water sampling survey showed that, as a result of the Chicago ordinance, there had been a 67.6% reduction from 1970 levels in the amount of phosphorus in treated sewage and that the ordinance had helped protect Lake Michigan, had improved the quality of water in the Illinois Waterway and saved the taxpayers of Chicago and Cook County tens of millions of dollars annually by lowering the Sanitary District's treatment costs; and

WHEREAS, On March 6, 1973 a decision by a local Federal District Court, in favor of a detergent manufacturer and against the public interest, has endangered the environment of Lake Michigan and the Illinois Waterway and threatened an increased burden on the taxpayers of this city and county; and

WHEREAS, Officials of the Sanitary District have stated that, without the Chicago ordinance, the removal of phosphorus to levels proposed by the Federal Environmental Protection Agency would cost the taxpayers of Chicago and Cook County fifty million dollars for capital improvements and an additional twenty-seven million dollars annually for the treatment of sewage; and

WHEREAS, Profits for the detergent manufacturers have increased significantly throughout the United States from the sale of phosphate detergents with their harmful effect on the environment; and

WHEREAS, The protection of the environment and the public must have a priority over the profits of the detergent manufacturers; and

WHEREAS, The Mayor and the Corporation Counsel have announced they are taking all possible legal steps to uphold the validity of the anti-phosphorus ordinance and will seek from the U. S. Court of Appeals a stay of the lower court order pending an appeal so as to protect the health, welfare and revenue of the people of Chicago and all communities which are dependent on Lake Michigan and the Illinois Waterway; now, therefore,

Be It Resolved, That, while the Corporation Counsel is seeking a stay of execution, we urge retail merchants in Chicago to continue to stock only phosphate-free detergents; and

Be It Further Resolved, That we urge all citizens and organizations concerned about the protection of our environment and the conservation of our tax dollars to encourage all members of the public to purchase only non-phosphate detergents while the Federal District Court decision is being appealed.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Bilandic (seconded by Alderman Cohen) the foregoing proposed resolution was *Adopted.*

WHEREAS, The Legacy of St. Patrick of love for God and neighbor has endured to this day, enriching the people of Ireland as well as their descendants who have settled throughout the far corners of the world; and

WHEREAS, The People of Ireland, despite years of suffering and oppression, retain a strong spirit of independence and individuality, fortified with courage and filled with humor and wit, which they brought to this country and which is now woven into the fabric of American life; and

WHEREAS, We in Chicago think that St. Patrick's Day is a grand feast day which should be celebrated by all people; and

WHEREAS, City Hall will be closed at 1 P.M., Friday, March 16th in commemoration of St. Patrick; now, therefore,

Be It Resolved, By the Mayor and the members of the City Council of the City of Chicago in meeting assembled this 14th day of March A.D. 1973 that all citizens, young and old, are hereby invited to take part in parties, celebrations and other festive occasions marking this glorious time of the year, and at 1 P.M. on Saturday, March 17th, to participate in the magnificent parade to be led by the Mayor, members of the City Council, Grand Marshal Lieutenant Governor Neil F. Court Decisions.

Also the following communications from the Law Department which were *Placed on File:*

CITY OF CHICAGO
DEPARTMENT OF LAW

February 15, 1973.

To the Honorable City Council of the City of Chicago:

Re: *City of Chicago vs. Town Underground Theater Inc.,*
Illinois Appellate Court Nos. 54016, 55076.

LADIES AND GENTLEMEN—The Illinois Appellate Court on January 16, 1973, filed an opinion affirming the judgment of the District Court with modifications.

This was an injunction suit to restrain Town Underground Theater, Inc., from operating its motion picture theater at 322 West Armitage, Chicago, without a city theater license.

Town Underground Theater contended that the ordinance was unconstitutional for the reason that the exhibition of motion pictures in theaters is a form of free speech and press protected by the First and Fourteenth Amendments and, therefore, the requirement of a license to operate a motion picture theater is an invalid prior restraint on free speech.

The trial judge held that the requirement of a motion picture theater license is constitutional, but found that, because Town Underground had failed to cooperate in an investigation, and because the City did not have standardized investigating procedures, it was impossible to determine whether the persons operating Town Underground Theater were fit and proper persons to hold a theater license.

While cross-appeals were pending, the City Council in August, 1972, unanimously amended the General Licensing Provisions Ordinance (Municipal Code of Chicago, sects. 101-1 through 101-30), which governs enforcement of the Public Chauffeurs Ordinance (Municipal Code of Chicago, sects. 28.1 *et seq*). The amendments provide for notice of the reasons for denial and for hearing, according to a definite time schedule, in the event a license application is not approved.

The Appellate Court ruled that, although it is established that expression by means of motion pictures is speech protected by the First and Fourteenth Amendments, operating a motion picture theater as an economic enterprise may be regulated and "the requirement that a license be obtained as a condition of engaging in the motion picture business is a reasonable means of insuring compliance with the police power regulations."

The ordinances leave the method and manner of investigation as to whether the applicant is a proper person to hold a license to the discretion of the administrative officers. The Appellate Court upheld this in the context of the recent amendments, saying:

> "It is a well recognized rule that courts are so wary of encroaching in any manner upon the discretionary powers of public officials that, if any reasonable doubt exists as to the question of discretion, they will hesitate to interfere . . . However, such discretion cannot be uncontrolled and can only be exercised within limits relevant to the purpose of the ordinance."

In conclusion, the Appellate Court directed that Town Underground Theater must apply for a 1973 license and be subject to investigation as required by the present licensing ordinances. The court also ruled that the theater, which has been operating without a license while this case has been pending, must pay the license fees for 1969 through 1972, and that the City must accept these license fees.

Very truly yours,
(Signed) RICHARD L. CURRY,
Corporation Counsel.

CITY OF CHICAGO
DEPARTMENT OF LAW

January 30, 1973.

To the Honorable City Council of the City of Chicago:

Re: *Aaron M. Jacobs, et al., vs. City of Chicago, et al.,*
Illinois Supreme Court No. 45269.

LADIES AND GENTLEMEN—On January 26, 1973, the Illinois Supreme Court rendered an opinion affirming in part and reversing in part the decision of the Circuit Court of Cook County which had upheld the constitutionality of the Chicago Parking Tax Ordinance in general (Chapter 156.1, Municipal Code of Chicago) but had held invalid the exemption of certain residential parking contained in section 1-1 and 1-2(c) of the ordinance.

Three cases, all challenging the validity of this new tax, were consolidated for purposes of trial. All three sets of plaintiffs appealed from the decision of the trial court. The City of Chicago cross-appealed from that portion of the decision which held the residential parking exemption invalid.

The Illinois Supreme Court held that the City of Chicago, as a home-rule unit under the 1970 Illinois Constitution, has the power to levy this type of privilege or use tax. Although plaintiffs urged various reasons why the parking tax ordinance should be declared unconstitutional in its entirety, the Court found no merit to any of these contentions. The Court also found that the exemption for residential parking was a reasonable classification and that the trial court erred when it held the exemption invalid.

Very truly yours,
(Signed) RICHARD L. CURRY,
Corporation Counsel.

to be used solely for the purpose of constructing a temporary bridge across said premises, which bridge is to be used for public purposes during the term of this Lease only; to have and to hold the same unto the Lessee from the 1st day of December 1972; until the 30 day of November, 1974. And the Lessee in consideration of said demise, covenants and agrees with said Lessor as follows:

1. To pay as rent for said demised premises the sum of One Dollar ($1.00), receipt of which is hereby acknowledged by Lessor.

2. Lessee has examined and knows the condition of said premises and has received the same in good order and repair and acknowledges that no representations as to the condition and repair thereof have been made by the Lessor or its agents prior to or at the execution of this Lease that are not herein expressed; Lessee will keep said premises, including all appurtenances, in good repair, and will keep said premises, including adjoining alleys, in a clean and healthful condition, and will comply with all federal, state and local statutes, ordinances, regulations, rules, rulings and judicial or administrative orders applicable to the premises or the use or occupation thereof during the term of this Lease at Lessee's expense.

3. Lessee will not allow said premises to be used for any purpose except as hereinabove specified, nor allow said premises to be occupied in whole or in part by any other person and will not sublet the same or any part thereof nor assign this Lease without in each case the written consent of Lessor first had.

4. Lessee will not permit any mechanics' lien or liens to be placed upon said premises or any building or improvement thereon during the term hereof, and in case of the filing of any such lien, Lessee will promptly pay same. If default in payment thereof shall continue for thirty (30) days after written notice thereof from Lessor to Lessee, Lessor shall have the right and privilege at Lessor's option of paying the same or any portion thereof without inquiry as to the validity thereof, and any amount so paid, including expenses and interest, shall be so much additional indebtedness hereunder due from Lessee to Lessor and shall be repaid to Lessor immediately on rendition of bill therefor.

5. Lessee agrees to hold Lessor harmless from all losses, damages, claims or expenses (including but not limited to reasonable attorneys' fees) asserted against or incurred by Lessor arising out of, incidental to or connected with the use or occupation of said premises or the approach to, entry upon or activities upon the premises of anyone employed by or connected with Lessee in any manner whatsoever, including but not limited to all loss, costs, damages or expenses arising out of or from any accident or other occurrence on or about said premises causing injury or death to any person whomsoever including but not limited to employees of Lessor or Lessee or damage to any property whatsoever. In addition to the above indemnity and not in limitation thereof, Lessee agrees to hold Lessor harmless from all claims, damages, losses or expenses (including but not limited to reasonable attorneys' fees) asserted against or incurred by Lessor arising out of, incidental to or connected with any act or omission of Lessee or anyone employed by or connected with Lessee, which act or omission contributes to the creation of a hazard, defect, nuisance, attractive nuisance, discharge into a waterway or emission into the air or other undesirable condition which may be caused to exist in or about said premises, or which act or omission gives rise to any penalty, damage or charges imposed for any violation of any laws, ordinances or judicial or administrative orders or gives rise to any action or claim brought or made by any person against Lessor.

6. Lessor shall not be obliged to incur any expense for the repair of any improvements upon said demised premises.

7. Lessee shall have the option to extend this Lease for an additional six (6) months upon giving notice to Lessor in writing of its intention to do so not less than ten (10) days prior to the date on which the term of this Lease would otherwise expire. In the case of such extension pursuant to such notice, such extension shall be without any additional rent, and all of the covenants and agreements of this Lease shall apply to such extended term.

8. Lessee shall cause the demised premises to be enclosed, during the entire term of this Lease and including any extension thereof, with a fence of sufficient height to prevent unauthorized persons from gaining access thereto.

9. Lessee further agrees that any one or more of the following events shall be considered events of default as said term is used herein, that is to say:

A. If lessee shall vacate the leased premises or abandon the same during the term hereof;

B. If Lessee shall permit or fail to prevent and use of said premises except for the use authorized hereby;

C. Or if Lessee shall make default in any of the other covenants and agreements herein contained to be kept, observed and performed by Lessee.

Upon the occurrence of any one or more of such events or default, Lessor may serve demand upon Lessee for the cure of such default or defaults. In the event of the service of such notice, Lessee shall cure such default within thirty (30) days after the receipt thereof, but if default or defaults cannot with due diligence be cured within a period of thirty (30) days, and if Lessee, prior to the expiration of the thirty (30) day period from and after the giving of such notice, commences to eliminate the cause of such default and proceeds diligently and with reasonable dispatch to take all steps and do all work required to cure such default, and does cure such default, then Lessor shall not have the right to terminate this Lease pursuant to the terms of this paragraph. If after the occurrence of such default and the service of said notice, and the expiration of the period or periods of time permitted by this paragraph for the cure of such default, such defaults are not cured. Lessor may, at its election, declare the said term and any extension thereof or any right to extend said term, ended upon thirty (30) days' notice to Lessee.

10. The foregoing provisions for the termination of this Lease for any default in any of its covenants shall not exclude, waive or suspend any other remedy of Lessor for breach of any of said covenants. No remedies herein or otherwise conferred above or reserved to Lessor shall be considered exclusive of any other remedy, but the same shall be cumulative and shall be in addition to every other remedy hereunder now or hereafter existing at law or in equity or by statute.

11. All notices pursuant hereto shall be in writing and shall be deemed to be given when deposited with the United States postal authorities by certified mail, addressed to the parties at their respective addresses as follows:

12. Upon the termination or expiration of this Lease for any reason whatsoever, Lessee shall cause all property owned by it and all improvements con-

structed by it to be removed from the premises prior to expiration or termination of the Lease, and, in the event it shall fail so to do, such property shall be deemed abandoned, and Lessor, at its option, may remove same at Lessee's expense or dispose of same without being required to account for said property or the proceeds thereof.

In Witness Whereof, The parties hereto have set their hands and seals as of the day and year first above written.

The following is said resolution as adopted:

WHEREAS, Our society has an increasing interest in and need for expanded cultural experience; and

WHEREAS, A national response to this interest and need was emphasized about eight years ago with the creation of the National Endowment for the Arts; and

WHEREAS, State and City Arts Councils and Foundations were created in all the States to receive and responsibly expend funds marked for support of the cultural arts; and

WHEREAS, The Illinois Arts Council was formed in 1965 and has been striving for high performance of its mission throughout the State, notwithstanding its meager budgetary allowance; and

WHEREAS, The $600,000.00 appropriation made for its operation in 1972 was at a bare subsistence level; and

WHEREAS, The $1.2 million budgetary request of the Illinois Arts Council for 1973 represented a modest increase of budget in terms of actual need; and

WHEREAS, The Governor of the State of Illinois has directed a cut back of this request to $497,000.00 which is 17% less than its troubled 1972 grant; and

WHEREAS, Other States are more sensitive to their Arts Council needs as witness the State of Ohio with a budget exceeding $1 million dollars or New York whose Governor will ask for $14 million dollars; and

WHEREAS, Generally all national budgetary allowances are being reduced, the national arts allowances will be almost doubled for the fiscal year; now, therefore,

Be It Resolved, That the City Council Committee on Cultural and Economic Development, expressed its dismay at the Governor's action in limiting funds of the Illinois Arts Council:

1. Recommends that the Governor reconsider his position and endorse the budgetary request of the Illinois Arts Council;

WHEREAS, In Chicago last month the cost of groceries went up a record 3.3%, the sharpest local increase since the Federal Government started keeping price records more than twenty years ago; and

WHEREAS, During the past twelve months alone, grocery prices in Chicago have gone up a shocking 8.8% and meat, poultry and fish prices have increased a staggering 12.8%; and

WHEREAS, In February, consumer prices for all goods and services also went up nationally at a record rate for recent years; and

WHEREAS, These continuing increases, month by month and year by year, in the cost of groceries and all consumer goods and services have placed intolerable burdens on the families of our city and all wage-earners throughout this country; and

WHEREAS, The executive branch of the Federal Government has shamefully misled consumers into thinking that there has been a serious effort on the part of the Federal Government to keep prices down; and

WHEREAS, In fact, the President's so-called anti-inflation program has been a sham; and

WHEREAS, The Cost of Living Council in Washington has predicted that food prices will continue to rise for the rest of 1973; now, therefore,

Be It Resolved, By the Mayor and the members of the City Council of the City of Chicago in meeting assembled this 22nd day of March A.D. 1973 that the President of the United States and the Congress be memorialized to take immediate actions to halt the terrible inflation that is undermining the American economy and severely harming the wage-earners and families of this nation; and

COMMITTEE ON CULTURAL AND ECONOMIC DEVELOPMENT.

Albert F. Madlener House Designated as Chicago Landmark.

The Committee on Cultural and Economic Development submitted the following report:

March 16, 1973.

To the President and Members of the City Council:

Your Committee on Cultural and Economic Development, having had under consideration a communication signed by Mr. Samuel A. Lichtmann, Chairman of the Chicago Commission on Historical and Architectural Landmarks (referred to Your Committee on August 30, 1972) to designate the Albert F. Madlener House as a Chicago Landmark, begs leave to recommend that Your Honorable Body pass the proposed ordinance, which is transmitted herewith.

This recommendation was concurred in by all members of the committee, with no dissenting vote.

Respectfully submitted,
(Signed) EDWIN P. FIFIELSKI,
Chairman.

On motion of Alderman Fifielski the proposed ordinance transmitted with the foregoing committee report was *Passed*, by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Holman, Despres, Sawyer, Wilinski, Cousins, Adduci, Vrdolyak, Bilandic, Staszcuk, Burke, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Potempa, Rhodes, Marzullo, Zydlo, Ray, Washington, Filippini, Keane, Aiello, Casey, Cullerton, Laurino, Natarus, Singer, Fifielski, Cohen, Hoellen, Hedlund, Wigoda—38.

Nays—None.

The following is said ordinance as passed:

WHEREAS, The Commission on Chicago Historical and Architectural Landmarks has recommended that the structure known as the Albert F. Madlener House, located at No. 4 W. Burton Place, Chicago, Illinois, be designated by the City Council as a Chicago Landmark; and

WHEREAS, The Commission found that the building meets the criteria as set forth in Chapter 21, Section 21-64(b), of the Municipal Code of Chicago, namely:

Its character, interest and value are part of the development, heritage and cultural characteristics of the City of Chicago, State of Illinois and the United States.

It exemplifies the cultural, economic, social and historic heritage of the City of Chicago.

It portrays the environment of a group of people in an era of history characterized by a distinctive architectural style.

It is identified as the work of an architect whose individual work has influenced the development of the City of Chicago.

Its unique location and singular physical character represent an established and familiar visual feature of a neighborhood, community and the City of Chicago.

WHEREAS, The Albert F. Madlener House well represents that period in early Chicago when prominent citizens built large private homes in exclusive neighborhoods. A handsome blend of the qualities characteristic of both the "Chicago" and "Prairie" schools of Architecture, its simple lines keep it modern even when judged by today's rigorous standards; and

WHEREAS, The strong cubic massing of this structure stood in sharp contrast to the elaborate dormers and bays and punctuated roofs marking the facades of the mansions around it. The restrained ornamentation is in harmony with the unique designs of Louis Sullivan and not at all reminiscent of the classical modes. In every respect, this structure reflects the beginning of a new style and the end of an old one. Its sophisticated ornamentation rejects any reference to classical detail, embracing instead the geometric, botanical designs favored by Prairie and Chicago school architects; and

WHEREAS, The Commission has concluded that Albert F. Madlener House is truly important to Chicago, and deserves to be preserved, protected, enhanced, and perpetuated. The Commissioner of Development and Planning of the City of Chicago and the City Council Committee on Cultural and Economic Development have concurred in the Commission's recommendation that the Albert F. Madlener House be designated as a Chicago Landmark; now, therefore,

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. The structure known as the Albert F. Madlener House, located on the property legally described as:

> "Lots 21 and 22 in the Subdivision of Lot 'A' of Block one in The Catholic Bishop of Chicago Subdivision of Lot 13 in Bronson's Addition to Chicago, in Section 4, Township 39 North, Range 14 East of The Third Principal Meridian."

and commonly known as No. 4 W. Burton Place, Chicago, Illinois, is hereby designated as a "Chicago Landmark" in accordance with the provisions of Chapter 21, Section 21-64(f), of the Municipal Code of Chicago.

SECTION 2. The Commission on Chicago Historical and Architectural Landmarks is hereby directed to create a suitable plaque appropriately identifying said landmark and to affix said plaque to the property designated as a Chicago Landmark in accordance with the provisions of Section 21-64 (f), of the Municipal Code of Chicago.

SECTION 3. The Commission on Chicago Historical and Architectural Landmarks is directed to comply with the provisions of Section 21-64(g) of the Municipal Code of Chicago.

SECTION 4. This ordinance shall take effect on and after ten days from its due passage and publication.
